Hi, Steve! How are you?

I'm having the best time of my life! As you know, I'm in Italy with my family, and it's so beautiful! We're in Venice now for the Carnival, which **1) exists/lasts** for about two weeks. People here are wearing all kinds of costumes, but the colourful Renaissance ones are the most popular!

We've done so many incredible things here! The first thing we did was go on a gondola **2) ride/travel** on the canals! After that, we visited a mask **3) lab/workshop**! Did you know that many carnival masks in Venice are still made by hand? Next, we saw jugglers and other **4) road/street** performers in St Mark's Square. They were very entertaining! Right after St Mark's Square, we visited an art museum and saw amazing paintings! Then, yesterday, I took **5) part/place** in a costume competition. I dressed up as a cowboy and won first **6) prize/trophy**! Can you believe it? At the end of the day, we saw an amazing fireworks display!

I'm coming home next week. I've got lots of pictures to show you!

See you soon,  
Harry
