LET'S START!

We hear music every day. We hear it on TV, in shops and even on the streets! It is all around us!

Music can make us feel **happy**, **sad**, **excited** and **scared**, too!

You need musical instruments to make music.

- What's your favourite musical instrument?

- When do you listen to music?

MEET THE ORCHESTRA!

This is an orchestra.
An orchestra is a group of
musicians who play together on
different musical instruments.
A conductor leads the musicians.
